

Afternoon Opportunities

Ridgmont offers two afternoon programs for our Primary-aged students who are younger than 5: “Lunch Bunch” and *Afternoons at Ridgmont*. Both of these programs give our younger students the opportunity to extend their day at school and enjoy additional time with their classmates.

“LUNCH BUNCH”

Our students who participate in “Lunch Bunch” bring their lunch to school on their chosen days. They enjoy a longer recess period prior to going inside to have lunch in their classrooms. Families are responsible for providing lunch except on Thursday when there is an option of eating pizza, fruit and vegetables which are provided by the school.

Children happily participate in the preparation of their classroom for lunch. They set the tables with placemats and napkins and also clean up using appropriate tools for crumbing their tables and cleaning the floor...all useful practical skills! Our lunch period is a favorite time for the children as they interact in the relaxed, social settings of their classroom environments.

AFTERNOONS AT RIDGEMONT

Afternoons at Ridgemont continues after our lunch time. Children who stay for this program enjoy a rest period followed by arts and crafts, manipulatives to work on, time outdoors and special projects. There are some additional enrichment opportunities which may be included in *Afternoons at Ridgemont*, such as Cooking and Baking, Art and Spanish.
